

Ianăș RĂDOI

Member of the Board of Directors - Chief Operating Office Hidroelectrica S.A.

Ianăș Rădoi is a hydropower specialist with over 25 years of experience in the energy sector, specializing in the production of electricity in hydroelectric power plants.

He currently holds the position of Chief Operating Officer (COO) and member of the Board of Directors of SPEEH Hidroelectrica SA, where he coordinates the operational activity of one of the most important companies in the field of renewable energy in Romania.

Throughout his career, he has held management positions such as Chief Plant Engineer, Section Chief and Plant Chief, being actively involved in the management of technological processes, maintenance, retrofitting and development of hydropower projects. He started in the field as a PRAM electrician, accumulating solid expertise in relay protection, automation and maintenance.

He is a graduate of the Faculty of Power Engineering at Politehnica University of Bucharest, with an engineering degree and a master's degree in Technical Hydraulics and Hydropower. He holds numerous certifications in the field of energy and management, being recognized for his leadership, organizational and solution-oriented skills.
